Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Please don't raise the Universal Service Charge Fund Tax! I am a low volume cell phone user and feel that a tax increase would be unfair because all cell phone users would pay \$1.00 extra per month regardless of how much they use their phone. I use my phone mainly for security and safety and believe the new tax would be discriminatory!

We the citizens of the United States of America are over taxed as is and we won't stand for more unfair taxes of any kind!

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Bob Ondrus
